

Lottery station

Feeling lucky? Lottery stores are the most popular joints in any metropolitan. Over 7,500 units of IAdea 10" smart signboard were deployed throughout lottery stores in Japan. Where do you find another media player provider with less than 0.1% failure rate guaranteed?

Menu board

IAdea enable your customers to visualize menu options, special promotions and appetizing videos to leverage business and increase sales through cross and up selling opportunities within your dining and F&B business.

Retail

A vibrant and engaging retail customer experience is the #1 priority for all retail businesses. From our smallest countertop displays to robust 4K players, IAdea creates a digital customer journey through your store.

Transportation

Envisioning a future where intelligent transportation platforms are abundant. High-quality digital signage solutions that broadcast dynamic contents are required for a satisfying passenger commute experience.

Visualizing the Future

IAdea is the leading provider in cutting-edge commercial-grade digital signage players, integrated displays and video walls, from 4K video to animated HTML5 and interactive touch screens.

IAdea powers more than 150,000 displays worldwide. Whether your business is in retail or hospitality, restaurants or transportation, work with us and be a part of the winning team today.

Must-follow retail success KOTON + IAdesa

Award-winning retail brand, KOTON, has recently upgraded its digital signage system to IAdesa and Laud Media. Originated from Turkey, KOTON is in 25 countries with 450 stores, delivering not only the richest fashion collection but also the most captivating advertising content to its fans around the world.

Here's how a top skincare brand does it – Dermalogica's trust in IAdesa

As of today, Dermalogica has received over 320 awards world-wide. Just like Dermalogica in their field, IAdesa is the number one choice of brand in ours. When Dermalogica meets skin, skin health is redefined. When IAdesa solution greets Dermalogica customers, customers simply love it. How do we do it? Visualize the future with us - one pixel at a time!
